

# problems of cryobiology and cryomedicine

## contents

### review

*Goltsev K.A., Kryvoruchko I.A., Goltsev A.M., Parkhomenko K.Yu., Horoshun E.M.* Use of modern cryomethods in combined surgical treatment of patients with purulent chronic wounds..... 109

### original contributions

#### theoretical and experimental cryobiology

*Gulevsky O.K., Moisieieva N.M., Gorina O.L., Akhatova Yu.S.* Comparative evaluation of wound healing effect of cord blood low molecular weight fraction (below 5 kDa) and actovegin drug in skin cryolesions..... 116

*Isayenko O.Yu., Knysh O.V., Popov M.M., Minukhin V.V., Babych E.M., Peretyatko O.G.* Impact of biologically active complexes of *Lactobacillus rhamnosus* GG and *Saccharomyces boulardii* after storage under low temperatures on biofilm forming ability in corynebacteria..... 127

*Diubko T.S., Pivovarenko V.G., Chekanova V.V., Pakhomova Yu.S., Gvozdiuk Ya.V., Kompaniets A.M., Tatarets A.L.* Study of interaction of glycerol cryoprotectant and its derivatives with dimethylacetamide in aqueous solution using fluorescent probes..... 139

*Babychuk V.G., Aidarova V.S., Lomakin I.I., Kudokotseva O.V., Roy N.V., Naumova O.V., Protsenko O.S.* Influence of hypothermia and cell therapy on structural changes in brain tissues of rats with dyscirculatory encephalopathy of mixed genesis..... 151

#### cryopreservation of biological resources

*Yurchuk T.O.* Cryopreservation of immature oocytes at germinal vesicle stage. When gamete maturation performance seems to be most appropriate..... 161

#### cryomedicine, clinical and experimental transplantology

*Pobielienskyi K.O., Pakhomov O.V., Gurina T.M., Pobielienska L.A., Legach Ye.I., Bozhok G.A.* Experimental cryoablation of thyroid gland with propylthiouracyl-induced diffuse hyperplasiae..... 168

#### short communication

*Shevchenko N.O., Kovalenko G.V., Kovalenko I.F., Stribul T.F.* Discovery of osmotic responses of sweet potato meristems in cryoprotective solutions..... 180

Instructions for Authors..... 187
