

2024

vol. 34, issue 1

problems of cryobiology and cryomedicine

contents

review

Kovalov G.O., Chyzh M.O., Globa V.Yu., Shustakova G.V., Fomenko Yu.V., Gordiyenko E.Yu. Thermal field monitoring when exposing soft tissues to low temperatures: thermography prospects and limitations..... 3

original contributions

theoretical and experimental cryobiology

Chabanenko O.O., Yershova N.A., Orlova N.V., Laptiy O.P., Shpakova N.M. Amphiphilic compounds as antihe-
molytic agents: problems and prospects..... 19

*Falko O.V., Shevchenko N.O., Volina V.V., Terekhova O.O., Prokopyuk O.S., Kaverinska A.I., Karpenko V.G.,
Prokopyuk V.Yu.* Cryopreserved umbilical cord extract restores the skin structure in ovariectomized rats..... 33

cryomedicine, clinical and experimental transplantology

Zadorozhnyy O.S., Buiko O.S., Pasychnikova N.V. Intra-operative infrared thermography of ocular surface during
cryodestruction of epibulbar tumours..... 45

short communication

Shcheniavskiy I.I., Akhatova Yu.S. Dependence of ascorbic acid content in nettle leaf extracts on cryoextraction
conditions..... 54

chronicles

Information about the All-Ukrainian Scientific and Practical Conference ‘Stress-induced immune disorders and their
consequences in wartime’..... 59

70th birthday of Oleksandr Petrenko..... 60

75th birthday of Tetiana P. Bondarenko..... 64

Instructions for Authors..... 67
