**vol. 31, issue 1**

# **problems of cryobiology and cryomedicine**

## **contents**

### **original contributions**

#### **theoretical and experimental cryobiology**

<i>Shcheniavsky I.I.</i> Anti-apoptotic effect of synthetic leu-enkephalin dalargin on rat leukocytes in cold stress model <i>in vivo</i> .....	3
<i>Kuleshova L.G., Kovalenko I.F., Kovalenko S.Ye., Tsibulko T.S., Gordienko O.I.</i> Transport characteristics of plasma membranes of PK-15 passaged cells.....	14
<i>Lomako V.V., Pirozhenko L.M.</i> Blood leukocytes in young and aged rats after whole body cryostimulation (-120°C).....	23

#### **cryopreservation of biological resources**

<i>Denysova O.M., Zhegunov G.F.</i> Cryopreservation of canine erythrocytes using dimethyl sulfoxide, polyethylene glycol and sucrose.....	38
<i>Prystalov A.I., Bobrova O.M., Kuleshova L.G.</i> Application of vacuum infiltration in cryopreservation of isolated grape buds.....	51
<i>Mazur S.P., Rogulska O.Y., Revenko O.B., Volkova N.O., Petrenko O.Y.</i> Isolation of human dental pulp stem cells and their characteristics before and after cryopreservation.....	58
<i>Pakhomov O.V.</i> Post-cryo survival of rat testicular interstitial cells in hydroxyethyl starch-based media.....	70
<i>Prokopiuk O.S., Shevchenko M.V., Prokopiuk V.Yu., Musatova I.B., Safonov R.A., Prokopiuk O.V.</i> Isolation and cryopreservation of placental cells: search for optimal biotechniques in experimental and regenerative medicine.....	82

#### **short communication**

<i>Irsan I.I., Isma S. P. P., Vivayuna I., Norahmawati E., Sukmajaya W.P., Pandiangan R.A.H., Abduh M.</i> Bone cells survival after liquid nitrogen freezing: does time play a role?.....	89
<i>Volkova N.O., Yukhta M.S., Sokil L.V., Chernyshenko L.G., Stepaniuk L.V., Goltsev A.M.</i> Determination of warming modes for convoluted tubules of rat's testes after vitrification.....	95

#### **chronicles**

<i>In memoriam: Liudmyla V. Ostankova</i> (July 11, 1943 – December 20, 2020).....	100
<i>Instructions for Authors</i> .....	104
