

2023

vol. 33, issue 1

problems of cryobiology and cryomedicine

contents

original contributions

theoretical and experimental cryobiology

<i>Repin M.V., Chizh Yu.O., Marchenko L.M., Govorukha T.P., Narozhnyy S.V.</i> Composition and biological activity of fetoplacental tissues-derived cryoextracts being differently obtained.....	3
<i>Vozovyk K.D., Chernobai N.A., Kadnikova N.G., Shevchenko N.O.</i> Effect of cryoprotective solutions on metabolic activity of <i>Chlorococcum dissectum</i> and <i>Dunaliella salina</i> cell cultures.....	14
<i>Puhovkin A., Hájek J., Giordano D., Sekerák J., Barták M.</i> Cryoresistance differences between species of autotrops from polar regions sensed by chlorophyll fluorescence.....	25

cryogenic equipment

<i>Osetskyi O.I., Sevastianov S.S., Yevlash V.V., Potapov V.O., Piliugina I.S., Bilyi D.V.</i> Low-temperature extraction of lipid fractions from vegetable raw materials using liquefied freons.....	38
---	----

short communication

<i>Lomako V.V., Samokhina L.M.</i> Proteinase- α -2-macroglobulin balance under immersion and craniocerebral hypothermia.....	50
<i>Smolyaninova Y.I., Bobrova O.M.</i> Low temperature phase transitions in sucrose-containing solutions of some cryoprotectants.....	55
<i>Prokopiuk V.Yu., Shevchenko M.V., Kaverinska A.I., Mykhalkchuk T.V., Prokopiuk O.S.</i> Cryopreserved placental derivatives increase survival of mice with cyclophosphamide-induced ovarian failure.....	59

chronicles

<i>In memoriam:</i> Georgiy O. Babiychuk (March 4, 1938 – January 27, 2023).....	64
<i>In memoriam:</i> Liubov O. Babiychuk (July 11, 1956 – February 6, 2023).....	66

Instructions for Authors.....	70
